

EARTH HOUR CANDLE LIGHT VIGIL

We want to use our energy wisely.

We want our neighbourhoods to be healthy places,
not places where our children are at risk
from the air that we all breathe.

We want to be connected with each other
and with the City as a whole.

By public transit that is clean, green and electric and
built right for our communities.

We want government to use our tax dollars effectively
to help create good quality green jobs.

Jobs in a creative green manufacturing economy
to help the planet deal with climate change .

Jobs to help us Live Green and Go Electric Wisely.

On March 28th at 8:30 pm Earth Hour begins.

*You Can Vote by turning off all your lights for an hour, or you can
'Flick It Off' early, and join your friends and neighbours at the MDWN
for music, activities and helping us to send our message on Earth Hour*

For our childrens' future. In today's world.

SATURDAY MARCH 28th 7:30-9:30pm

Beside the tracks at Photography Drive Bridge

West of Eglinton+Black Creek Drive

See the Map on reverse side of this flyer
